

Student Activity

Staff Activity

Discovery is key:
Tell students nothing,
let them discover
their own knowledge.

Guidance is key:
Tell students whatever
is going to help them
at their current stage.
Keep them active.

Communicate is key:
Tell students everything.
I need to tell them
what they need
to know.

Constructivism

Objectivism

Structure of
Student's Knowledge

Assess the
structure of what
they have
understood

Different people can
submit different
evidence. It's about
demonstrating their
individual
understanding

Assess how
much they have
retained of what
was communicated
to them

Volume of
Student's Knowledge

50%

Everyone
assessed on the
same work. It's
about matching
their responses to
what is known
